

Missing numbers

Fill in the missing numbers. Use the inverse to check your answers. Show your workings in the box below.

$390 + \boxed{} = 990$

$\boxed{} + 20 = 115$

$39 + \boxed{} = 99$

$\boxed{} + 5 = 32$

$9 + \boxed{} = 699$

$27 + \boxed{} = 77$

$475 + \boxed{} = 675$

$270 + \boxed{} = 770$

$75 + \boxed{} = 95$

$\boxed{} + 75 = 102$

'Inverse' means to reverse something. Subtraction is the inverse of addition.

Answers

$$390 + 600 = 990$$

$$39 + 60 = 99$$

$$9 + 690 = 699$$

$$475 + 200 = 675$$

$$75 + 20 = 95$$

$$95 + 20 = 115$$

$$27 + 5 = 32$$

$$27 + 50 = 77$$

$$270 + 500 = 770$$

$$27 + 75 = 102$$

Write some calculations with missing numbers and ask a friend or adult to complete them.
