

One to twenty-one

1. Roll a die five times and record the numbers below. If you roll a number more than twice, roll again.

□	□	□	□	□
---	---	---	---	---

2. Use the numbers you have rolled to make values 1 to 21. You can only use each number rolled once in each calculation but you don't have to use all the numbers. You can use addition, subtraction, multiplication or division to find the values.

1 = _____

2 = _____

3 = _____

4 = _____

5 = _____

6 = _____

7 = _____

8 = _____

9 = _____

10 = _____

11 = _____

12 = _____

13 = _____

14 = _____

15 = _____

16 = _____

17 = _____

18 = _____

19 = _____

20 = _____

21 = _____

Can you find more than one way to make any of the numbers?
