

Double trouble

All these missing words have two meanings. Read each pair of definitions and write in the word that they both describe. Then write all the first letters of your word answers, in order, to spell out the name given to a word with two meanings.

1. Unit to measure a horse's height.

A part of the body.

2. A colour.

A fruit.

3. Unwilling to share.

A number that is the average of a set of numbers.

4. A thing.

Disagree with.

5. Type of number less than zero.

If someone is this, they focus on the bad things.

6. Wild ox.

Trivial ongoing conversation.

yak

7. You're in this if you're angry and irritable.

The atmosphere or tone of something such as music.

A y

is a word that has two meanings.
