

THE SUPER HAPPY HEROES

Hoofius (faun)

A delightful mix of pointy and furry bits, Hoofius likes to take on the role of leader of the heroes. He takes questing very seriously and holds nothing but contempt for clothes and personal grooming.

Twinkle (fairy)

The only airborne member of the group, Twinkle is a useful scout and surprisingly strong for her size. She's also easily distracted by anything cute or shiny.

Herbert (gnome)

Rake-wielder and packer of picnics. Questing without Herbert would likely see you lost, hungry, and unable to identify wild flowers.

Blossom (unicorn)

A champion frolicker, Blossom is impulsive and likes to live in the moment. His unpredictable nature surprises friends and enemies alike.

He also eats like a horse.

Trevor (mushroom)

Small, squishy, and great in an omelette, Trevor doesn't seem like your typical hero. Perhaps there is more to this mushroom than we think?
