

Kitty

Design a Tree House

In *Kitty and the Treetop Rescue* we join Kitty and her friend Ozzy for a sleepover in Kitty's tree house. *'The place was quite roomy and she had set pots of marigolds on the windowsills and hung a mobile of glittery stars from the roof to make it pretty.'*

Add labels
to point out
the different
features of your
tree house

Design
your own
tree house
below!

A large rectangular area with a dotted border, intended for drawing and labeling a tree house.

Design a Tree House

My tree house is built on a(n) _____ tree because _____

What type of tree? Research different types of tree to find the best home for your tree house.

It is made out of _____ because _____

*What will you use to build the walls, floor and roof?
Think about the benefits of different materials.*

You enter the tree house _____

How will people get into your tree house? There would usually be a ladder, but you might have other ideas (they can be magical)

The secret password to enter is _____

Will you have a password for your treehouse? Who will you invite to join you inside?

Top tip!

Once you've designed your tree house you can make a mini version! Lollipop sticks are great for the walls and you can collect natural objects like leaves and twigs to decorate it.
